

Senior Data Engineer

We are currently looking for a Senior Data Engineer to join the ARP team on a permanent basis. This role will be based in the London office.

You will be responsible for supporting the ARP PMs in identifying new signals from Alternative Data, utilising Distributed Computing/Cloud Technologies whilst also assisting the wider ARP DA team with BAU.

The successful candidate will have excellent attention to detail by following the development lifecycle and producing pertinent artefacts for each stage. You must have a collaborative approach to tasks undertaken to ensure best solutions and knowledge sharing and be innovative by identifying ways to improve processes and implement new ones.

What we can offer you

We are offering a competitive package (salary dependent on experience), 31 days holiday plus 8 days bank holiday, a performance related bonus, private medical insurance and a defined benefit pension scheme.

How to apply

If you would like to apply, please email a copy of your CV to Internal.Recruitment@rpm.co.uk by 5pm on Friday 30th October 2020.
